

Cherished Memories

*Day dreams on the beach at Grand Bend
Carefree days, playing in the sand
Rainbows sunsets, sea shells and sunflowers
All cherished memories of our carefree hours
Hugging, laughing, making a wish
Sharing a secret with a friend you can trust
She chose me, we chose each other
You could not help but love her
The giggle, the kindness the warmth of her smile
Will be in my heart as I walk every mile
All the cherished memories of the things we've done
Will turn even the darkest day into a happy one*
