*Once again, I was very proud to present the Amanda Finch Memorial Award and thanked Hospice of Waterloo for this wonderful tribute to Amanda.*

*Amanda was as passionate about Paramedicine, as I am about my work with Hospice. Amanda's career was short but full of love and compassion for everyone she met.*

*This year's recipient Randy Prues has been making a difference in a profession he has loved and proudly served for the past thirty two years with the same kindness and compassion.*

*It was an honour to present the second Hospice of Waterloo, Amanda Finch Award to: Paramedic Randy Prues*

*Congratulations Randy and our very best wishes for your retirement.*

*Dave, Lynn, Lisa and Finchy who was probably beaming down one of her beautiful smiles as you received your award. Sincere thanks to Roger for the beautiful picture.*
